You can apply for a personal loan for any purpose such as home improvement, going on your dream vacation, or simply to pay bills.

Whether you have several major expenses or just need a small loan, a LISEFCU Personal Loan can give you access to the cash you need.

PILE UP ON THE SAVINGS!

Usually people wish to get rid of their debt but do not know where to start. Nowadays, almost everyone has so many different credit cards in their wallet. Having different credit cards help you maximize your disposable cash. However it also increases the chance of paying unintended fees and interest due to forgotten unpaid bills. You can easily eliminate this unnecessary worry in your life by consolidating your credit cards into one loan. By doing so, you can rest assured:

1- You can save money by paying a lower interest rate

The interest that you pay on your credit cards is probably three times the interest you will end up paying on a personal loan at LISEFCU. Lowering your interest rate means lower monthly payments and more money in your pocket!

2- You improve your credit score

Your credit score can be affected negatively by maxing out your credit cards. When you pay your debt down on your credit cards and keep your balance below your credit limit, your credit score improves (The rule of thumb is to keep your card balances at 25% or less of their limits).

3- You are in control

Keeping track of different credit card bills and paying them on time can be frustrating. By consolidating your credit cards, you only have one loan to take care of. In addition, since your payment is going to be automatically deducted from your paycheck, you do not need to worry about paying it on time.

Make your long awaited goal of cleaning up your finances come true this spring by consolidating your cards into one loan with LISEFCU and start saving today!

ATM/Debit Card Fraud

Check for Tampering

When you approach an ATM, check for some obvious signs of tampering at the top of the ATM, near the speakers, the side of the screen, the card reader itself, and the keyboard. If something looks strange, such as a different color or material, graphics that aren't aligned correctly, or anything else that doesn't look right, don't use that ATM. For your information most skimmers are glued on top of the existing card reader. If the keyboard doesn't feel right—too thick, perhaps—then there may be a PIN-snatching overlay.

Open a Holiday Club today!

When you combine payroll deductions with our Holiday Club Savings Accounts, you have a powerful savings plan. Each payday a deposit of your choice is made into the account and then at maturity you can choose to have your balance (including dividends) automatically deposited into your LISEFCU Savings account.
